School Profile 2024

OUR SCHOOL

Colégio Miguel de Cervantes was founded in 1978 by a group of Spanish executives who settled down in São Paulo, Brazil, during the 60s. Their dream was to create a cultural and educational center focused on a bilingual curriculum, including a multicultural identity and aspects to be developed throughout the school grades, from Early Childhood to High School.

Colégio Miguel de Cervantes is a private school that receives students from the city of São Paulo and its surroundings. The student population includes middle and upper class students, with some low-income students thanks to our scholarship program. The majority of the student population is Brazilian. However, 20% of them have dual nationality (Brazilian-Spanish). We also have 10% foreign students, in general spanish-american countries.

Our school is part of the UNESCO Associated School Networks, a network of associated school projects of the United Nations Educational, Scientific and Cultural Organization, since 2014.
